

ASSORTMENT CATALOG BILL'S NATUURBAKKERIJ

NATURALLY DELICIOUS...

Billy's Farm is the brand for tasty organic cookies, sweetened with syrups made from grain and fruit, creating a natural flavour!

www.billysfarm.nl/en/

ABOUT THE BAKERY

'Naturally' sweetened and without refined sugar

Billy's Farm is the brand for tasty organic cookies, sweetened with syrups made from grain and fruit, creating a natural flavour. The collection of Billy's Farm is often suitable for people with allergies. "Our cookies are a natural delicious snack!"

Vegetable

Our bakery only contains carefully selected vegetable raw materials. All cookies are 100% organic and the entire Billy's Farm collection has the Vegan quality mark. Our cookies are suitable for people with milk or egg allergies. Also for a Vegan lifestyle.

Organic

The entire assortment of Billy's Farm has the European organic logo. This means that the ingredients come from organic farming and are checked for this by the Dutch organic control SKAL. This is sustainable and fits in a environmentally conscious lifestyle. We agree with this: organic is simply better!

INGREDIENTS

Cereals

Our flour comes directly from the mill because this is the best way to preserve the flavour, colour and structure. We usually opt for whole grain, pure ground grain packed with fiber. Each type of grain has specific fibres and nutrients with various characteristics. That is why we use several types of grains for our cookies.

Palmolie – RSPO certified

Some of our cookies are baked in unhardened RSPO certified palm oil. It contains a lot of vitamin E which prevents oxidation and the creation of free fatty acids. It is an ideal ingredient for baking because it can be heated well without causing harmful substances.

Roundtable on Sustainable Palm Oil (RSPO) is an organisation that ensures that plantations do not expand at the expense of the tropic rain forests and areas with high bio diversity. We are also RSPO certified and use only sustainable palm oil.

Coconut oil

The other part of the cookies is baked in non-hydrogenated coconut oil. This contains, among other things, medium-chain saturated fats. These are absorbed faster and only used for burning and not stored as fat reserve. Thanks to the medium-chain of saturated fats in coconut oil, the oil does not increase cholesterol. Coconut oil is also stable when heated, precisely because of the saturated fatty acids.

“ DISCOVER THE VEGETABLE AND DELICIOUS ASSORTMENT OF BILL'S NATUURBAKKERIJ! ”

BECOME A SALES OR DISTRIBUTION POINT?

As a proud manufacturer of Billy's Farm, we like to offer our products as widely as possible. That's why we are constantly looking for sales and distribution points. Are you looking for a wide and existing range of organic cookies and completely vegetable? Our packaging is available in 4 languages: Dutch, English, German and French. We can also expand this on request in your own preferred language. The production process is designed in such a way that we can also supply Billy's Farm cookies in small quantities on mixed pallets.

Product	Organic Apple-and-cranberry Cookies
Article number	7117
Storage	Cool, dry, dark and closed
Packaging	Block bottom bag with closing strip
Shelf life	7 months from production date
EAN consumer unit	8711753007117
EAN trade unit	8711753021106
Content box	8x175g
Box size	250x185x115 mm
EUR-pallet	12 layers à 18 boxes (= 216 boxes)
CN code	1905 31 99
Certification	NL-BIO-01 / Vegan / RSPO

Product	Organic Ginger-and-walnut Cookies
Article number	2044
Storage	Cool, dry, dark and closed
Packaging	Block bottom bag with closing strip
Shelf life	7 months from production date
EAN consumer unit	8711753002044
EAN trade unit	8711753021175
Content box	8x175g
Box size	250x185x115 mm
EUR-pallet	12 layers à 18 boxes (= 216 boxes)
CN code	1905 31 99
Certification	NL-BIO-01 / Vegan / RSPO

Product	Organic Spelt Almond Cookies
Article number	2319
Storage	Cool, dry, dark and closed
Packaging	Block bottom bag with closing strip
Shelf life	7 months from production date
EAN consumer unit	8711753012319
EAN trade unit	8711753021328
Content box	8x175g
Box size	250x185x115 mm

FAMILY BUSINESS

Bill's Natuurbakkerij is a family business with an own philosophy and passion for the artisan baking process. The brothers Guido & Sander Bil – sons of founder Klaas Bil – are the second generation of the company.

The mission and vision of the brothers? The bakery wants to move with the time and implement this in its products. That is why new ingredients are always added to the recipes, so that the cookies will fit with the modern lifestyle.

A perfect method of preparation and good baking process are always the number one priority. Our traditional quality is always the basis!

REVIEWS FROM CUSTOMERS

What our customers say about the cookies from Bill's Natuurbakkerij:

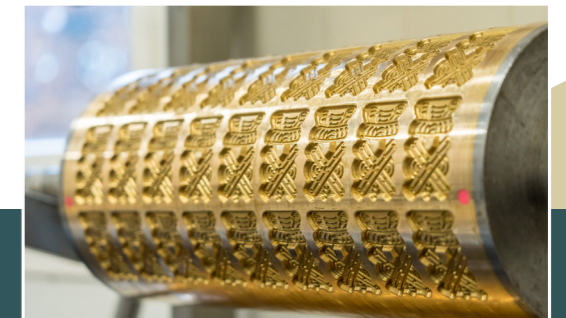

“The organic cookies of Billy's Farm fit perfect in my vegan lifestyle and diet! Besides that, the taste is awesome :-)”

“I'd rather not give my son too much sweets so this cookies are the perfect solution: healthy and not too sweet!”

“In the health store in my town I discoverd the cookies of BF. Lots of choice, but Moerbei-Hennep is my favorite!”

TRADITIONAL METHOD

The traditional method that has been used since the bakery was founded in 1985 is unique, giving the end product exclusive properties. Because a lot of work is done by hand, the process is sustainable and the product is continuously assessed, which ensures quality, efficiency and minimal waste.
